

Edge of the Extinction Contest

Imagine you've travelled back in time to the age of the dinosaurs. While you're there, you discover a completely new dinosaur unknown to today's scientists. Draw the beast in detail, give it a name and tell us what makes it special. The most inspiring and creative entry will win lunch with the author Laura Martin, when she visits our school on Tuesday, January 29th.

All Entries are due to **Mrs. Baioni by Tuesday, January 22nd**. There will be 5 winners chosen.

Please attach this form to the back of your design.
