

Southgate Independent School District

Dear Parents/Guardians,

All students in grades kindergarten through eighth grade have completed their first round of MAP (Measures of Academic Progress) benchmark tests for the 2021-22 school year. The MAP benchmark tests serve as a basic indicator if your child is performing below, at, or above grade level in the areas of reading and math. Below you will find a chart that specifies the goal score for reading and math at each respective grade level. We encourage you to talk to your child(ren) about their performances on the winter MAP tests. We have found that students who discuss their goals tend to take more ownership in their benchmark scores. If you have any questions about this information, please ask your child's teacher(s) or call the main office at 441-0743. Go Lions!
