

# ***A Letter from the Superintendent***

Dear Southgate Families,

The Southgate Team is very excited about the 2021-2022 school year! We are very proud of everyone's efforts last year as we faced unprecedented times in our everyday lives. There was no doubt that we faced many obstacles at times, yet we all worked together to make it a successful year for our Little Lions. As another school year comes upon us, let's always remember to do what is best for our students, staff, and the entire Southgate community. The ultimate goal this year is to have all students in the building receiving face to face instruction while learning and growing together as one family.

As always, the health and safety of our students and staff remain our top priority. The district will adhere to any mandates and continue to evaluate guidance from the CDC and the Kentucky Department of Public Health. This back to school plan is put in place to provide answers to many questions you may have as we welcome back our students for the 2021-2022 school year.

While a return to normal is a main focus, please keep in mind that the pandemic remains a consideration in how we will be able to operate. There is always a possibility that procedures will have to change based on data. We will be sure to communicate any changes prior to or during the school year.

We are excited to welcome our students back and are committed to our vision of promoting Excellence, Character, Growth, and Pride in every student, every day.

Thank you for your constant support of our wonderful community school. We truly do have a special place that is hard to replicate due to the best students, staff, and families in the state of Kentucky. Let's continue to pull together and work side by side to make great things happen for our Little Lions. Small School Big Pride!

Proudly Serving Southgate Schools,

Greg Duty

Superintendent
