ASBESTOS UPDATE

As a result of an inspection conducted by the Environmental Protection Agency (EPA), further inspections and analysis of building materials in our facilities was conducted during the 2000 – 2001 school year. It was discovered that several areas of our facility either contain asbestos or it is assumed that building materials contain asbestos.

As a result of the finding of the analysis of the materials, an Asbestos Management Plan was written and is on file in the office for your review. Contained in the plan are maps noting all of the areas of the facility that is affected by asbestos. In addition, all of the results of the analysis of materials and air assessments are included in the report. All of the assessments that have been conducted on air samples are within limits of acceptability established by federal guidelines.

The asbestos that is in the building is contained in plaster and in floor tiles. The main objective of the plan in managing asbestos is to not disturb the material. Due to the findings, the following procedures must be adhered to by all staff members.

- No drilling holes in asbestos materials.
- No hanging of plants or anything else from ceilings covered with asbestos materials.
- No pinning or hanging pictures on walls covered with asbestos materials. No using materials (i.e. hot glue, duct tape, etc.) that will disturb plaster on walls to hang posters.
- No sanding asbestos floor tiles or backing materials.
- No damaging asbestos materials while moving furniture, etc.
- Not to disturb asbestos material when replacing light bulbs, etc.; not to allow curtains, drapes or dividers to damage asbestos materials.
- Not to dust with a brush or dry sweep floors in areas that are likely to contain asbestos fibers (USE A DAMP CLOTH OR WET MOP FLOORS)
- Not to use an ordinary vacuum to clean up asbestos debris (USE HEPA VACUUM)
- Not to brush or sweep ceilings and walls covered with asbestos materials (AVOID TOUCHING ALTOGETHER)

Training for custodial staff in the handling and cleaning of asbestos materials will be provided.

Annual notifications of AHERA Plan to all staff members and parents/guardians of students will be communicated in writing. AHERA Management Plan is available for your review in the office. If you have questions or concerns, please contact our superintendent, Mr. Greg Duty.

SPECIAL NOTE

TO: Parents, Guardians and School Employees
FROM: Mr. Greg Duty, Superintendent
SUBJECT: Asbestos Management Plan for the Southgate Independent Schools
2017-2018 Academic School Year

This notice is sent to assure you that the Southgate Independent School System is in compliance with both national and state regulations and laws relating to building materials which contain asbestos that have been used in building construction in past years.

An inspection for building materials which contain asbestos has been completed for all school buildings owned, leased or otherwise occupied by the Southgate Independent Schools. This inspection has been conducted by a certified inspector, and the material samples were evaluated by an accredited laboratory. Building materials containing as little as two percent (2%) asbestos or assumed positive have been identified and made a part of an Asbestos Management Plan for the school system.

A complete Asbestos Management Plan for the school district is available at the Central Office or in the Principal's office of each school during regular business hours. We will continue to notify you at least once each year on the status of the Asbestos Management Plan. Additional notifications may be issued as a result of an additional inspection, normal surveillance practices, response actions or remodeling work which might disturb building materials which contain asbestos. Every precaution will continue to be utilized in order to protect the well-being of students and employees of Southgate Independent Schools.

Pupils may take medicine which is brought from home with written parental request.

Self-Administering

Provided the parent/guardian and physician files the written statement/authorization each year as required by law, a student under treatment for asthma shall be permitted to self-administer medication.

Students shall not share any prescription or over-the-counter medication with another student. Each year, the district shall notify students in writing of this prohibition and that violations shall result in appropriate disciplinary action, including but not limited to suspension or expulsion.

Athletic Physicals

Southgate Independent School District requires every student – **regardless of grade** – have an athletic physical on file prior to practice or competition in any competitive athletic event. This requirement includes “casual” practice and non-league competition as well as regularly scheduled practices and games/meets.

The athletic physical examination is valid for **ONE** year from the date of the exam.

School Records

Student records are available to the parent or legal guardian of students at any time. To view these records, simply call the school office and set up an appointment. Parents may also request that the District provide information regarding the professional qualifications of their child’s classroom teachers.

Parent Volunteers

Southgate has always prided itself on having parent volunteers. In the past, we have had parents aiding the teachers in various ways. If you would like to be a parent volunteer, please notify the school office. **All volunteers must have a criminal records check prior to chaperoning any field trip or volunteering in any classroom or school-based extra-curricular activity.** A criminal records check must be completed before any volunteer participates in a school activity or field trip. These must be on file in the office, and it is the responsibility of the classroom teacher to check the eligibility of the volunteer.

School Lunch Program *(See Insert in Southgate Folder)*

Snow Days

School is seldom canceled due to excessive snow. However, if it is necessary to delay or close school, local radio and television stations will be carrying the information.

Report Cards

Parents and students will receive written reports concerning student's progress (report cards). Students in K-8 will receive reports four (4) times a year. Mid-term progress reports will be sent home to all parents and students. Please refer to the schedule:

GRADING STANDARDS FOR GRADES 3-8

A+ = 100	B+ = 94	C+ = 84	D+ = 74	F ≤ 69
A = 96 – 99	B = 86 – 93	C = 76 – 83	D = 71-73	
A- = 95	B- = 85	C- = 75	D- = 70	

Students in kindergarten through second grade receive narrative report cards with stages of development indicators.

Homework

Practice work and drill periods have been scheduled in the existing school day. It is sometimes beneficial to the students to practice extra work that must be done. We request that all parents help the child by striving to get this work finished at the prescribed time.

In some cases carefully planned homework may be helpful or desirable to students who have missed school. This would allow that student a better opportunity to catch up.

PHILOSOPHY

The staff of Southgate Independent School believes that homework is a valuable aid in helping students make the most of their learning experience in class, preparing students for upcoming lessons, extending and generalizing concepts, teaching responsibility, and helping students develop positive study habits.

GENERAL HOMEWORK GUIDELINES:

1. Homework assignments must support our school's continuous progress curriculum.
2. Homework should follow the suggested time ranges listed below:
 - Primary (Kindergarten – 3rd grades) – may range between fifteen and thirty minutes per day.
 - Intermediate (4th- 6th grades) – may range between twenty to forty minutes per day.
 - Seventh grade and eighth grade may be up to ninety minutes per day.

Times listed above reflect the total of homework assignments from all teachers that a student may have. Times listed above may vary based upon the individual students. If an individual child is experiencing lengthy evenings of homework, the parent should contact the child's teachers to discuss their concerns. Time spent on extended projects should be based on the total number of days provided to complete the project.

3. Every effort will be made not to assign homework on designated school holidays (with the exception of long-term assignments and incomplete class work.)
4. Directions will be explained in class when homework is assigned.
5. Assignments may vary by group or individual to account for differences in learning styles or rates.
6. Homework shall never be given as a whole class punishment and “no homework” will not be used as a whole class reward.
7. Completed homework assignments will be reviewed by the teacher in a timely fashion.
8. Homework during excused absences may be made up in a timely fashion. A 24-hour notice is expected when requesting homework or make-up assignments due to absences or anticipated absences. Due to unanticipated needs of the class and changes that may occur in lesson plans, teachers may not always be able to provide accurate assignments in advance of an absence.
9. Students have the following responsibilities in regards to homework:
 - Write down assignments (where appropriate)
 - Be sure all assignments are clear and ask questions when they are not
 - Set aside a regular time to study
 - Find a quiet, well-lit place to study
10. Parents have the following responsibilities in regards to homework:
 - Set a regular study time each day with a definite beginning and ending time
 - Establish a study area away from household distractions with good light and space for studying
 - Make sure the child has the materials they need to do assignments
 - Help the student work to find the answers rather than doing the work just to get it done

- Help the child organize school materials, study notes, assignments, books, and etc.
 - Be supportive and give assistance when students get frustrated or discouraged with particularly difficult assignments
 - Contact the teachers to discuss concerns about the child's progress.
11. Each grade will provide more grade level specific information and policies at the opening of each new school year.
 12. At the teachers' discretion, late assignments may be penalized.

NON-COMPLETION OF HOMEWORK

Non-completion homework is a violation of classroom and school rules. Failure to complete and punctually return homework will result in consequences. Non-completion of homework may result in the student being assigned to complete their homework during detention or the loss of the opportunity to participate in special events such as extra-curricular activities and field trips.

When a child chronically does not complete homework, the teacher will contact the parent, in a timely manner, to inform them of the circumstances and request their assistance. A student who continues to engage in this type of action may be subject to disciplinary action including detention, Saturday school, or suspension.

Activities

Many extracurricular activities are offered at our school. These include Student Council, oratorical contest, basketball teams (boys and girls), morning news, cross country, and academic teams. Students are encouraged to participate in extracurricular activities. Academic progress is monitored weekly for all students.

At the end of the school year, an Award Program is held and the following awards are presented to those who earned them:

- *Attendance*: An award given to students with perfect attendance
- *Honor Roll*: Each student in grades 3-8 is eligible for this award
- *Sports Award*: There are various awards given to team members.
- *Outstanding Student Award*: This award is given to the 8th grade student who has shown outstanding academic achievement, leadership, extracurricular activities, character, citizenship, and attendance (presented at 8th grade graduation)

- *Valedictorian and Salutatorian*: A plaque is presented to the two 8th grade students who have the two highest overall accumulative GPA (must have an A average) and attendance in accordance with attendance procedures. (This will be accumulative of grades 5-8.)

Extracurricular Eligibility Policy

Policy No. 8.001

Date Adopted 082305

Academics:

Revised 022707

Revised 082510

Revised 092512

All students that participate in extracurricular activities will have their academic progress checked weekly by the principal. Reports will be checked on the first school day of the week, and coaches will be notified that day of any students that are ineligible. Students who are ineligible will also be notified. Reports will only be run one time per week. Any student found to be ineligible is ineligible until the next weekly check of the eligibility list. Ineligible students are not permitted to attend any practices, or dress for games. Instead they should be working to correct any failing grades they may have. Any student who is ineligible for 5 cycles during the same sport/season will be removed from the team.

A student is considered to be ineligible if he/she is failing one (1) core subject (ex. Reading, Language Arts, Science, Social Studies, Math), or one (1) elective, or two (2) special classes (Art, Physical Education, Practical Living, Music, etc.) will be ineligible for a period of 1 week or until the next weekly check of the eligibility list. A student's eligibility status throughout the cycles does not depend on which subject they are failing, or whether they are failing a different subject in any of the cycles.

Grade Three (3) Exemption

Students enrolled in grade three (3) shall be given a transition period through the first midterm. This is done to allow third grade students to adjust to receiving letter grades for the first time and the new expectations due to the content and assessments that begin at this grade level. After the first midterm is received third grade students fall under the same guidelines as the rest of the student body.

Grades will be cumulative for each grading quarter only, not cumulative for the year.

All students are eligible to participate in any extracurricular activities for the first week of each grading quarter. This will allow students to attend at least one practice/meeting of the activity and make contact with the sponsor or coach of the activity.

If a “week” of school consists of less than 3 school days due to holidays or snow days, the eligibility status of a student will not change until the next full week, or the next opportunity for at least three school days to be included. This will allow students to accumulate enough grades to assist them in bringing up their grade average.

When a student is ineligible, they will be notified of their status with the following:

1 st Ineligibility	Letter to Parent
2 nd Ineligibility	Letter to Parent
3 rd Ineligibility	Letter to Parent
4 th Ineligibility	Letter to Parent
5 th Ineligibility	Letter to Parent & Removal from athletic team

The Student and/or Parent are encouraged to contact the teacher(s) for recommendations on how to improve the grade(s).

Teachers will also receive a copy of the eligibility list each week in order that they may make contact with parents and work with the student to improve his/her performance.

Behavior:

A student is considered to be ineligible if he/she is suspended (in school suspension or out of school suspension) due to disciplinary action. The student is ineligible to participate in any school sponsored event including but not limited to sports, dances, parties, field trips, etc. The student is not permitted on school property until the school day following the period of suspension.

Privacy Rights of Parents and Students

In accordance with the Family Educational Rights and Privacy Act, parents have the right to inspect and review all educational records relating to their child by making a request to the principal of our school. If, after inspecting the records, you should find any record you believe to be inaccurate, misleading, or otherwise in violation of the privacy or rights of your child; you may request an amendment or hearing to challenge those records. These rights will be passed on to the student at age 18.

Written policies and procedures have been developed which describe the types of locations of these records and the specific procedures available to parents. Copies of these policies and procedures may be obtained upon request from the office of the principal or the superintendent.

Parents may obtain, upon request, copies of records. As a parent, you also have the right to file complaints to the Family Educational Rights and Privacy Act Office, Washington, D.C. concerning any alleged failures of this district to comply with the requirements of this act.

If you are a parent of an exceptional child who is, or has been enrolled in a program for exceptional children, you may request the destruction of any records collected, maintained, or used in the identification, evaluation, or placement of your child. Such requests should be addressed in writing to the superintendent. However, you should be informed that such records might be needed in the future for other purposes such as social security benefits.

Notification of FERPA Rights

The Family Education Rights and Privacy Act (FERPA) affords parents and “eligible students” (students over 18 years of age) or students who are attending a postsecondary institution certain rights with respect to the student’s educational records. They are:

1. *The right to inspect and review the student’s educational records within forty-five (45) days of the days the District receives a request for access.*

Parents or eligible students should submit to the school Principal/designee a written request that identifies the record(s) they wish to inspect. The Principal will make arrangements for access and notify the parent or eligible student of the time and place where the record(s) may be inspected.

2. *The right to inspect the amendment of the student’s education records that the parent or eligible student believes are inaccurate, misleading, or in violation of the student’s privacy or other rights.*

Parents or eligible students may ask the District to amend the record that they believe is inaccurate, misleading, or in violation of privacy or other rights. They should write the school Principal, clearly identify the part of the record they want changed, and specify why it is inaccurate, misleading, or in violation of their privacy or other rights.

If the District decides not to amend the record as requested by the parent, or eligible student, the District will notify the parent or eligible student of the decision and advise him/her of the right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. *The right to consent to disclosures of personally identifiable information contained in the student’s educational records, except to the extent that FERPA authorizes disclosure without consent.*

One exception that permits disclosure without consent is disclosure to school officials with legitimate educational interests. A “school official” is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school Board; a person or company with whom the District has contracted to perform a special task such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as

disciplinary or grievance committee, or assisting another school official in performing his/her tasks.

A school official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his/her professional responsibility.

Upon request, the District shall disclose educational records without consent to officials of another school district in which a student seeks or intends to enroll or to other entities authorized by law.

4. *The right to prohibit the disclosure of personally identifiable information concerning the student to recruiting representatives of the U.S. Armed Forces and its services academies, the Kentucky Air National Guard, and the Kentucky Army National Guard.*

Unless the parent or eligible student requests in writing that the District not release information, the student's name, address, and telephone number if listed) shall be released to Armed Forces recruiters upon their request.

5. *The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:*
